

THE WEATHER
Unsettled tonight and Friday, prob-
ably showers in north and west, some-
what cooler in north.

AGREE ON PLATFORM, SPLIT IS ADVERTED

Night Session on Name Candidates

NOMINATIONS WILL FOLLOW PLATFORM REPORT LATE TODAY

MORNING SESSION BRIEF, TAKES RECESS UNTIL 4 O'CLOCK.

SEE FIREWORKS

Balloting May Carry Fight Far Into Morning, Is Prediction.

Coliseum, Chicago, June 10.—While awaiting the report of the platform committee the national republican convention held a brief session this morning and then much to the disappointment of the galleries took a recess until 4 o'clock this afternoon. When the convention assembled the platform committee was engaged in the struggle over the plank on the peace treaty.

Speeches Postponed.

There was a consideration of plans to go ahead with nominating speeches while awaiting the platform report, but there was objection to that and it was abandoned.

While the convention managers were debating what to do the word came from downtown that the platform committee had agreed on a report and a few minutes later Senator McCormick of Illinois one of the sub-committee members announced that a unanimous agreement had been reached by the sub-committee, which was the union of the party and victory in November.

Opposition to recess. Mr. McCormick presented a motion for a recess until 4 o'clock but there was a lack of votes and the delegates and galleries and Chairman Lodge was compelled to call for a standing order of the house to call for a recess until 4 o'clock.

RAIL UNIONS ASK U. S. OWNERSHIP
A. F. L. Presents Demands at Convention in Montreal.

Montreal, June 10.—Government ownership of railroads is urged in a joint resolution presented by several international unions to the American Federation of Labor at its annual convention here today. The resolution declares government ownership is necessary to provide adequate and cheaper transportation and to eliminate the "sinister influence of railroad corporations from our national life."

The resolution is sponsored by delegates of the Brotherhood of Railway Men, the Brotherhood of Railroad Clerks, Sheet and Metal Workers, Association of Machinists and International Union of Shipbuilders and Workers. Military training in the schools and the establishment of compulsory military service or training are considered "unnecessary, undesirable and un-American" in a resolution proposed by the American Federation of Teachers.

Resolutions presented by the Railway Mail Association ask the executive council to aid in obtaining the speediest possible construction of the abolition of time measuring devices and standards of personal efficiency in the postal service. They also demand establishment of an "Americanization" fund to be paid to the first 100,000 immigrants who enter the country.

A bitter debate the federation adopted a resolution requiring the elimination of the "color line" from its constitution and give the negro full membership.

MRS. DANIELS PLEADS FOR WOMEN OF WORLD

Geneva, June 10.—Laws guaranteeing a living wage, abolition of sweat shops, and child labor legislation were outlined by Mrs. Josephine Daniels today at the International Women's Suffrage conference, as measures appealing to the women of the world.

Mrs. Daniels brought telegrams from President Wilson.

Lenroot as Dark Horse

Senator Irvine L. Lenroot. He is being mentioned often among the Lowden, Wood and Johnson candidates in event of a deadlock at Chicago as a possible compromise candidate.

WAR TIME SUGAR MELROSE RESIGNS
RATIONS RESUMED HIS CHARGE HERE

Resignation of J. A. Melrose as pastor of the Federated church here was received and accepted at a meeting of the Federated committee yesterday. It was learned today that the action is said to be a follow-up of the recent action of the General Assembly of the Presbyterian church here to resume services in its own church.

In July, 1918, the Congressional and Presbyterian churches federated and Rev. Melrose was chosen pastor. Mr. Melrose states he is giving formal notice to the synod that he will offer his resignation to the Presbyterian church as soon as a meeting of the congregation is called.

LITTLE PROPERTY IS SOLD TO PAY TAXES

Even with higher taxes prevalent throughout the country on real estate, there are less delinquents this year, according to a statement made today by Arthur M. Church, county treasurer. His basis this condition is that the higher wages prevailing.

There were 104 delinquencies sold in the county for 1920 tax for \$5,391.17, reports Mr. Church, as against 247 in 1919 and valued at \$6,017.54. In 1918, the sales amounted to 216 for \$8,601.25. A peculiarity of the statistics for the past three years is that although there were 123 fewer tax certificates sold for 1920 than 1919, this is brought about, it was pointed out by the treasurer, to the higher values now being placed upon real estate.

Another fact shown is that 66 per cent of the delinquencies have occurred for 1920 in Beloit, or 33 per cent. This is not taken as a reflection upon Beloit, but shows that there are considerably more modern improvements, especially in the street, in that city than in any other community within the county.

CONTEST WINNER GETS GOLD MEDAL

Virginia Jones, reciting "In the Morning" was awarded a gold medal yesterday afternoon in the declamatory contest held in Terrell hall. She was the winner in the contest. Miss M. Josephine Fitzgerald's pupils competing, Vivian Crook, "The Janitor's Child," received second place and Frances Crook, "The Janitor's Child," received third place by the judges who were Misses Marie Dobson, Grace Pedley, and Jessie Monahan. Eleven children were entered.

A large gathering of parents and friends made up the attendance.

IT WAS ANYTHING BUT DRY MEETING ON RESOLUTIONS

Chicago, June 10.—An elderly delegate from Pennsylvania laid before the resolutions committee of the republican national convention yesterday a large package which he said contained matter he desired "looked into." When Chairman Watson opened the package he found a bottle of whiskey—real whiskey. Senator Smoot of Utah, a teetotaler, was designated to consider the subject; but returned it immediately without recommendations. Action by the full committee was prevented by disappearance of the contents of the bottle before it could reach that stage.

CITY SWELTERS IN FIRST HEAT WAVE

Mercury Hovers Around 91—Showers Predicted Tonight

GAZETTE READINGS.

7:30 a. m.	87
8:00 a. m.	87
9:00 a. m.	88
10:00 a. m.	89
11:00 a. m.	90
12:30 p. m.	91
1:00 p. m.	91
2:00 p. m.	89

While a slight breeze came out of the south about 10 o'clock this morning, it brought relief to the people of the city suffering from three days of intensive and unseasonable heat. Weather reports from the government bureau at Chicago do not offer any hope of relief for the next 24 hours. Today's report does give a ray of hope, however, in stating that the temperature will be in the 80's this afternoon or evening. High humidity has made the excessive heat more intolerable.

Same Since Monday. Commencing Monday, the hot wave was broken only for a brief space on Monday afternoon, when showers fell. Tuesday, the mercury jumped again with no change in the atmosphere during the night. Wednesday morning, the heat was back.

No prostrations or other ill-effects have yet been reported to the police or hospitals, but fear is expressed that unless a letup comes quickly there may be.

Joe Man Is Busy. Joe cream and cooling drink parlors in the city are doing a rushing business. Flushing of the downtown streets at frequent intervals has been ordered for short periods.

The unseasonableness of the heat caught most people unprepared with cool clothes. But it is not the heat alone that is causing trouble. The high humidity is also a factor.

EAGLES ELECT ESSER STATE TREASURER, NEWTON DELEGATE

Oskosh, June 10.—The officers elected by the state convention of the Fraternal Order of Eagles last evening are as follows: President, Judge A. T. Schmidt; Secretary, Charles A. Dittman; Treasurer, Murt Malone; and delegate to the national convention, George H. Esser.

TO BUILD RESIDENCE ON ST. LAWRENCE AVE.

Frank H. Terrell, and Elmer A. Soderstrom have secured a permit to build a residence on St. Lawrence avenue. The building is to be a three-story house with a garage. The lot is 100 feet wide and 150 feet deep. The building is to be completed by the end of the year.

Operations in Persia Rapidly Extending

French forces in Persia are rapidly extending their operations in the north. The French foreign office today announced that the operations are being extended to the north of the Persian Gulf.

TART IS EXPECTED IN CHICAGO FRIDAY

Chicago, June 10.—Former President Taft will arrive here tomorrow morning from his tour of the north. He is expected to stay here for a few days before leaving for his home in Washington.

Unfilled Steel Orders Increased During May

CRANE IN FIGHT TO ELIMINATE HIRAM JOHNSON

HIS HAND KEPT COMMITTEE IN LINE ON LEAGUE PLANK.

OPPOSED LODGE Massachusetts Senator Fought for A Declaration that Would Meet General Support.

Coliseum, Chicago, June 10.—Senator Hiram Johnson has compromised. He has saved himself from defeat on the floor of the convention before the balloting started. The California senator telephoned his approval of the plank on the treaty just before the convention assembled for its Thursday session. The text of the paragraph in the platform which the treaty was not made public, but it contains these two principles:

1.—Rejection of the treaty in which President Wilson brought it back from Europe.

2.—Approval of the action of the United States senate in endeavoring to secure proper reservations.

Now the important thing is that a change has been made from an affirmative statement favoring ratification of the treaty to a negative statement which leaves the same inference. The new plank originally out of the platform drafted by the Virginia Republican convention by Representative Blump.

Hiram on the Floor. Fears that Senator Johnson by carrying the plank to the floor might split the republican party caused the old line leaders to accept a compromise. But they haven't accepted it yet.

Mr. Johnson, however, has not yet spoken. He is expected to speak at this convention, on some plank, probably that relating to taxation or legislation affecting business. His speech is expected to be a long one, and it is expected that he will make a strong case for the treaty.

Coliseum, Chicago, June 10.—Senator Hiram Johnson is due to make a political speech at this convention. He is expected to make a strong case for the treaty.

Charges that the raising of the issue before the balloting begins are being made by Hiram Johnson. He is expected to make a strong case for the treaty.

Call Crane the conspirator. Charges that the raising of the issue before the balloting begins are being made by Hiram Johnson. He is expected to make a strong case for the treaty.

Early Understanding. The understanding was that the republican platform would be adopted without a vote. The understanding was that the republican platform would be adopted without a vote.

7.2% Returns Last Year. Arguing that the company does not need the increased rates to meet the cost of the company's financial statement for 1919 bringing out that:

CENSUS OF EASTERN CITIES ANNOUNCED

Washington, June 10.—Census figures announced today show a 7.2 per cent increase in the population of the eastern cities.

STORM DEATH LIST, 7 DEAD, 100 INJURED

St. Paul, Minn., June 10.—The death list of Tuesday night's storm in northwestern Minnesota and eastern North Dakota still stood at 7 today. The injured list stood at 100.

POLAND WILL SEND PEACE NOTE TO REDS

Warsaw, June 10.—Poland will send a peace note to the Soviet government within ten days, according to the newspapers here. The note is expected to be a strong one.

Reds Check Offensive Of Denikine Forces

London, June 10.—The bolsheviks in the Crimea early this week by the army of General Wrangel, who succeeded to the command of the remnants of the Denikine forces in southern Russia. It is reported in an official soviet statement, received by wire from Moscow today.

Convention Notes in Brief

Chicago, June 10.—Efforts of William Allen White to get plank in favor of the 18th amendment failed. The committee treated it as a closed incident.

Immediately after the adoption of the plank the nominating speeches will begin and delegates were told to look for an all night session.

In the interim between the adjournment of the convention and 4 o'clock the managers of candidates were in the last heat of the battle for place. Each headquarters was a scene of activity in getting hold of delegates, and making the final agreements.

Just before going into the convention the Wood leaders gave out that the General would be nominated on the third ballot.

RATE HEARING IS CONTINUED TO JULY

City Officials Present Strong Defense to Proposed Phone Rate Boost.

Stubbornly combating the Rock County Telephone company's petition for phone rate increases here of from 66 to 100 percent Mayor T. E. Welsh and City Attorney Roger Cunningham returned from Madison late yesterday feeling their efforts before the railroad commission were successful, and convinced that if an increase is granted it will be less than half of that sought.

After two hours of testimony and discussion the commission adjourned the hearing to some date next month to give the Bell Telephone company an opportunity to present its side and to permit submission of further testimony by the Rock County Telephone company.

Four Arguments Advanced. Characterizing the proposed rate increases as "excessive and beyond reason," Mayor Welsh briefed the city's side in the opening statement. Mr. Cunningham took the floor later, and presented four arguments.

No evidence has been presented of necessity for raising rates. Even if shown, the request is exorbitant.

An increase to the Rock County Telephone company would also mean an increase for the Bell line. This would make the aggregate bill enormous for the city.

The companies are losing money. It probably results from the cost of the company's financial statement for 1919 bringing out that:

According to the company's own statement, the valuation of plant and equipment is \$208,618, net income last year was \$15,043, net income this year was \$15,043, net income this year was \$15,043.

PRINCESS, FORMER SOUTHERN BELLE, DIES

Paris, June 10.—Princess Francesca Rospiigliosi, daughter of Prince and Princess of Salaparuta, died at her home here yesterday from chronic malaria.

POCKET VEToes OF WILSON AFFECTED UNDER NEW RULING

Washington, June 10.—Attorney General Palmer has made an informal ruling which has been communicated to President Wilson. The ruling is that the pocket veto of a bill by the president is not a final act.

RICH PROFESSOR SAILS IN STEERAGE TO GET BRIDE IN EUROPE

Boston, Mass., June 10.—Daniel Sargent, member of a wealthy and socially prominent Black Bay family, and an instructor at the Massachusetts Institute of Technology, sailed for Europe to get his bride.

PRINCESS, FORMER SOUTHERN BELLE, DIES

Paris, June 10.—Princess Francesca Rospiigliosi, daughter of Prince and Princess of Salaparuta, died at her home here yesterday from chronic malaria.

POCKET VEToes OF WILSON AFFECTED UNDER NEW RULING

Washington, June 10.—Attorney General Palmer has made an informal ruling which has been communicated to President Wilson. The ruling is that the pocket veto of a bill by the president is not a final act.

RICH PROFESSOR SAILS IN STEERAGE TO GET BRIDE IN EUROPE

Boston, Mass., June 10.—Daniel Sargent, member of a wealthy and socially prominent Black Bay family, and an instructor at the Massachusetts Institute of Technology, sailed for Europe to get his bride.

PLANK DRAFTED BY ELIHU ROOT OFFERS COMPROMISE ON LEAGUE, RELIEVES BOLT BY THIRD PARTY

Unanimous Approval of Resolution Indicates Speedy Convention Work; Senate Upheld in Its Refusal of Ratification.

(By Associated Press) Chicago, June 10.—A league of nations plank declared by leaders to be "acceptable to everybody" was unanimously adopted today by the republican sub-committee, thereby ending all threat of a party split over the league issue.

The plank upholds the senate in refusing to ratify the treaty of Versailles, declares that any future international peace understanding must square with American traditions and omits the affirmation of delegation for a league of nations which had been urged by the mild reservationists.

Originally drafted weeks ago by Elihu Root, the plank was revised at an all night series of conferences and was adopted by the sub-committee after Senator Lodge of Massachusetts, the republican senate leader, had appeared in the committee room and declared if the mild reservation proposal were accepted he would go on the convention floor and fight it.

G. O. P. Platform Planks Adopted

Chicago, June 10.—Planks in the platform practically agreed upon by the resolutions committee in reference to Mexico and Armenia are:

PEACE RESOLUTION.—We approve the action of the republican party in congress in passing a resolution to repeal the declaration of a state of war with Germany which would have brought peace and relieved the people of the burden of the war measures, and we condemn the president's veto of this resolution.

Condemn President.—We condemn President Wilson for asking congress to empower him to accept a mandate for Armenia. We accept a mandate for Armenia. We accept a mandate for Armenia.

MANDATE FOR ARMENIA.—We condemn President Wilson for asking congress to empower him to accept a mandate for Armenia. We accept a mandate for Armenia. We accept a mandate for Armenia.

Commends Senate Action. While the Root plank commands the senate's selection of the Versailles covenant, it is understood to contain a provision expressing in general terms the party's approval of the internal consent of peace. It was that feature, it was said, which led the mild reservationists to accept it.

Refuse to Comment. Lowden, Wood, Budor and Harding's refusal to issue any statement at once on the plank. Senator Crane withheld comment, but C. G. den Mills, New York, said the plank was "perfectly satisfactory."

POCKET VEToes OF WILSON AFFECTED UNDER NEW RULING

Washington, June 10.—Attorney General Palmer has made an informal ruling which has been communicated to President Wilson. The ruling is that the pocket veto of a bill by the president is not a final act.

PHILIPPINE DELEGATION INTERESTING GROUP AT CONVENTION

Left to right: Felipe Duocanino, Jaime C. De Veyra, J. P. Melencio and Arenio N. Luf.

One of the most picturesque groups at the Republican convention is the one from the Philippine Islands. The men represent the young generation from the islands—the men who are handling the problems of the possessions. The photo was taken at Chicago.

SHAKESPEAREAN PLAY SUCCESS AT MILTON

Milton, June 10.—The annual Shakespearean play, "The Taming of the Shrew," given by the students of Milton college Tuesday evening, drew a larger audience this year than at any previous time. High praise is due Professor Stringer as director of the play. Miss Lenore Kumlien as Katherine, the Shrew, was acclaimed the prettiest Kate in Christendom. She played her part brilliantly, yet not too busily, so that her portraiture was pleasant and charming. Floyd Merrill as Petruchio wooed her with all was done in reverent care of her. The comedy affords opportunity for good acting in many minor parts. Joe Johnson, Milton Whaley, George Johnson were clowns whose every appearance was greeted with laughter. Clifford Thomas, a young cavalier, read his lines in such a manner as to emphasize the poetic quality of the verse. Miss Clara Lippincott, the gentle sister of Kate the Shrew, entered well into her part.

The incidental music was furnished by the Milton Shrew orchestra, directed by Mrs. W. C. DeLand. In the last scene Miss Audrey Babcock sang an old English song, "Should He or I."

Tricolette Sports Suit For Summer Wear

The tricolette sports suit is a good investment for summer wear, for the skirt may be worn as a separate sports skirt with sweater and pretties over blouse and the coat may be used as a sweater coat and worn with other skirts. Then nothing can be compared with it as a suit when the two are worn together. The tricolette suit may be had in any number of colors, both brilliant and neutral shades and in various styles, although the plain, simple models are the more popular.

Here is a very pretty semi-sports model which may do for many occasions other than sports. It is made with a plain, straight skirt and a simple belted coat. Tan tricolette is used and tan silk embroidery forms the trimming on the deep cuffs and pockets. A small brown chin chain hat is worn with the outfit and a double row of trimming save a fancy pin placed at the side front.

Marshall Nellian is going abroad. Not only that, but he is taking an entire company with him and even more than that he plans on making pictures across the sea. Passage has been booked for a party of twenty for the twenty-eighth of May and the company will set sail then for England, France, Germany, Italy and Spain.

One of the local papers on the occasion announced that Mary Miles Minter will depart on a long journey to the Orient and will make pictures there. She has been booked for a party of twenty for the twenty-eighth of May and the company will set sail then for England, France, Germany, Italy and Spain.

The cast for Betty Compton's first picture for her own corporation, "The Test," has been announced and seems to be an all-star one with Clara Fiorio, Ralph Lewis, Claire McDowell, Roy Stewart, Emory Johnson, Betty Shadle, Beula Baines, Roscoe Karns and Wallace Gregg.

A state law in Virginia prohibits having cedar trees within two miles of a commercial apple orchard.

IOWA LEADER AND WOMAN'S PARTY HEAD PROMINENT FIGURES AT G. O. P. MEETING

Mrs. Frank W. Dodson, at left, and Miss Alice Paul.

Among the prominent women who are watching their sisters' interests at the Republican national convention at Chicago are Miss Alice Paul, chairman of the National Woman's party, and Mrs. Frank W. Dodson. Miss Paul is leading the fight of the party (an outgrowth of part of the suffrage organization) to eliminate candidates who have opposed suffrage measures. Mrs. Dodson is chairman of the Iowa branch of the women's division of the national Republican committee, chairman of the women's division of the Republican state central committee and delegate at large to the national convention.

WITH THE WOMEN OF TODAY

Laura Gardin Fraser.

Women are coming to the fore not only in business and the professions, but in art also. More and more young women are taking up pottery, jewelry making, portrait painting, ivory carving and other forms of art and they are succeeding and making enviable names for themselves. In fact it is getting to be much the same in art work as it is in business—one is no more surprised to find that the initials of the signature on a piece of art mean a woman than to discover that the president's name on the letterhead of a big

machine company is a woman's name. One woman who is making a name for herself in art circles is Laura Gardin Fraser. Mrs. Fraser is the designer of the "Chaplin Medal," which is to be awarded to every chaplain who served with the American forces on land or sea. She was the winner of the Shaw prize in 1919 at the exhibition of the National Academy of Design for the best work of art in painting or sculpture by a woman during that year. Mrs. Fraser is the wife of James Earl Fraser, the noted sculptor whose distinguished achievements include

"Nymphs and Satyr," which is now in the American sculptor's exhibit in the Metropolitan Museum of Art.

ANYTHING BUT "PLEASANT" Recommendation that the legislature refuse to ratify the federal woman suffrage amendment was made by Gov. Pleasant of Louisiana resolution of ratification. The governor said it invaded "state rights" and would menace the south. Representative Willis P. Jones and Senator George A. Frier of Maryland presented to both houses a memorial from members of the Maryland legislature opposing federal woman suffrage.

WOMEN INTENSIFY PICKETING ATTACK

Chicago, June 10.—Virtually devoid of hope that republican leaders here will urge the governors of Vermont and Connecticut to call special legislative sessions to pass on the suffrage amendment, members of the national woman's party prepared today to intensify their picketing attack on the convention. Pickets were sent out with banners calling on voters to bail out against the republican party until it took more decisive action on equal suffrage.

NOTICE The regular annual meeting of the American Motor Insurance Co. Mutual of Janesville, Wis., will be held at its office, 16 East Milwaukee St., on Monday, July 5th, 1920, at 10 o'clock, to transact such business as may properly come before it. C. P. BEERS, Secretary.

[BY ASSOCIATED PRESS.] Vienna.—The general's collar worn by Gustavus Adolphus, king of Sweden, when he was killed at the battle of Lutzen in 1632, has been presented to the Scandinavian women's party in recognition of charity to Austria. The insignia was taken from his body by soldiers of the Austrian Guard and has been in the Military Museum here.

AIDS LEADER OF WOMAN'S PARTY AT G. O. P. MEETING

Miss Elsie Hill.

Miss Hill, daughter of former Representative E. J. Hill of Connecticut, is in Chicago to aid Miss Alice Paul, directing the activities of the National Woman's party at the Republican national convention. Miss Hill is a well-known suffrage worker of the District of Columbia. The suffragists will make a strong fight to see that a suffrage plank is incorporated in the Republican platform.

Children, the Centaur, cured a wound in his foot mythology says, by applying a bachelor's button.

Written and publication, authorized by Arthur M. Church and to be paid for by him at the rate of 75c per inch.

Political Announcement I hereby announce my candidacy for renomination as County Treasurer to be voted for at Primary to be held Sept. 7, 1920. Your support is solicited.

MAYOR HOPES TO SEE G. O. P. MEET

Mayor T. E. Walsh went to Chicago today with the hope of attending the Republican convention. City Attorney Cunningham was given a ticket to the convention yesterday but gave it away on account of a Chamber of Commerce directors' meeting. At 10 o'clock today it was decided to postpone the Chamber meeting to today.

The mayor will probably see the convention. Mr. Cunningham will not.

Don't hang up your trousers at night near an open window. This is what John Papadopoulos and Nick Farris did last night in

bunk car near the St. Paul roundhouse. The result—Farris, minus \$9; Papadopoulos, \$1.88. Get the habit of reading the class, and Nick Farris did last night in

Your Neighbor's Boy

One of your neighbors has a boy that is going to make a success in life. How do we know?

Because he is learning the ways of success now.

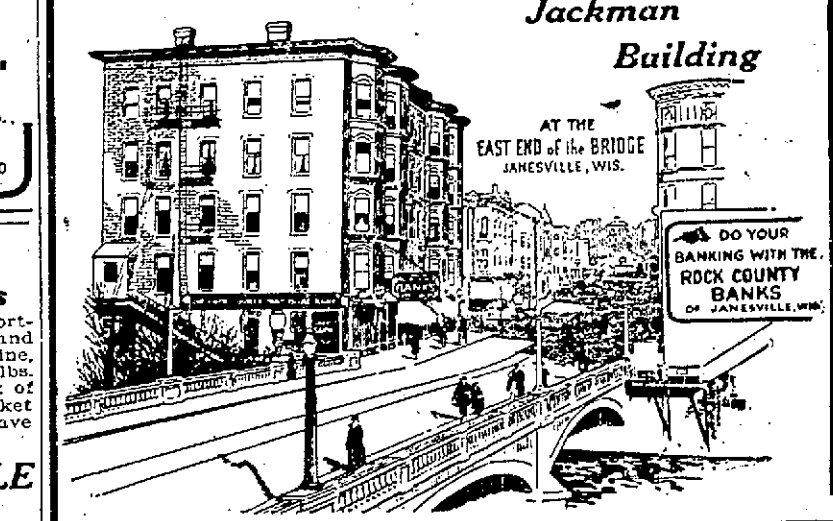

His parents allow this boy to earn some money of his own. They teach him to spend his money sensibly too. That boy is learning to get a dollar's worth when he gives up a dollar.

And they encourage this boy to save a part of his money too.

And that's the story of success—earning, spending, saving—each in a proper way.

Will your neighbor's boy get ahead of yours?

The Rock County National Bank
The Rock County Savings & Trust Co.
Jackman Building

IDLE MONEY IS AN INEXCUSABLE WASTE

There is no value, no profit, in money that is not invested nor in circulation.

Your money in this Bank is building an asset for you and at the same time, as a basis for credit, is doing its full duty to the community.

As a source of profit to yourself, as the broad-minded, public spirited thing to do, we solicit the deposit of your surplus funds in this Bank.

THE FIRST NATIONAL BANK

CAPITAL & SURPLUS \$450,000.00
JANESVILLE, WIS.

An Account

at this bank is valuable to you as a reference and means of establishing credit. We solicit your account and offer a complete banking service.

Merchants & Savings Bank
Oldest Savings Bank in Rock County
Capital and Surplus \$500,000.

The Nation's Financial Stabilizer

Back of this bank, a member of the Federal Reserve System, is the strength of the organized Federal banking resources of the country.

This great financial organization which safely carried the country through its greatest crisis, now serves as the stabilizer of business during its period of readjustment. As a Member-Bank we are favored in many ways. As a patron you participate in the advantages offered.

THE GAZETTE'S PLATFORM.

More and better houses. Carrying the rent
 proctor.

Open roads in the county 365 days a year.
 Market pavilion and community house.
 Home and club for working girls.
 More parks and playgrounds.
 Better street car service.

Make the city a place of welcome to visitors
 and new residents and not for their exploitation.
 Pave streets as fast as possible until all
 are done.

ROADS AND THE SPEEDER.

Numerous automobile accidents, some of them
 fatal, in the past few weeks in Wisconsin, all on
 country roads, have turned the attention of high-
 way commissioners and others to the necessity for
 more rigid enforcement of the speed laws. In
 no doing a number of careful drivers, men and
 women who are trained and know how to run a
 machine, will undoubtedly be annoyed at re-
 strictions. It is therefore important that the
 reckless speeder, the careless driver, the man who
 is always taking chances, and who constantly en-
 dangers the lives of the persons who may be pas-
 sengers with him or the occupants of other cars
 on the same road, should be brought to book.

A statement in the Gazette of Wednesday show-
 ing the rapid increase in the number of machines
 on the highways in and out of Janesville is inter-
 esting. It shows the growth of the country and
 city is the almost universal use of the car for
 business and pleasure. Most of the people who
 drive are careful and responsible, but here and
 there one finds the reckless and foolish. It is this
 person all other automobile owners and users
 should seek to punish. It ought to be within the
 province of any court to take away the privilege
 of driving a machine. Once that is applied, there
 will be quick reduction in the number of danger-
 ous speeders.

JANESVILLE AND THE WATERWAY TO OCEAN.

Janesville is interested in more than a casual
 way in the projected ocean route from the head
 of the Great Lakes through the St. Lawrence
 canal. Not only are all cities with large indus-
 tries touched by this waterway proposal, but the
 farmer of the middle west is deeply concerned.
 We are moving in a great circle right now, getting
 nowhere. In the bins of the country places, there are
 400,000,000 bushels of wheat. Early in the year
 and last fall we had that amount at the seaboard
 which it was declared we could use for export.
 That has been exported. But the same number
 of bushels, held here for domestic consumption,
 is still in the hands of the farmers. The farmer
 goes to the bank and asks for a loan to put in a
 new crop and he is told that he still owes for the
 advance on the 1919 crop. The fact that he has
 the 1919 crop on hand therefore cuts down his
 borrowing capacity and the 1920 crop is neces-
 sarily curtailed.

The reason that crop of 1919 is still in the
 farmer's hands is because the transportation bil-
 liness of the country has broken down and the jam
 at the great terminals and milling and dis-
 tributing centers has been so great that wheat
 could not be moved. The same situation is true
 in regard to coal. Ships are getting bunker coal
 at American ports, enough only to take them to
 Halifax or other ports and then loading with
 Nova Scotia or English coal. Seaboard cities are
 not depending on the middle west for food sup-
 plies entirely but are obtaining a large part from
 foreign countries.

All these are mere incidents in the transportation
 conditions so widely affecting the nation and to
 which so much of the economical upheaval is
 due. It is therefore of the greatest necessity to
 provide a quick route for foreign trade from the
 middle west centers and to relieve the congestion
 now and for all time at the seaboard. With the
 release of several million car tons for transpor-
 tation in the east by the shorter haul provided to
 Great Lakes ports, and then direct to foreign
 points, we will have solved a part of the problem
 of distribution. There are \$300,000,000 worth of
 merchandise freight tied up at New York and
 other American ports, some from foreign coun-
 tries, some domestic shipments for which there is
 no adequate transportation facilities to take to
 destination in the west. Most of this could have
 been obviated had we the St. Lawrence water-
 way.

So Janesville as an industrial center and with
 its rich crop raising environment has more than a
 passing interest in the waterway.

HOT WEATHER AND PLAY.

Need for more recreation places in and around
 Janesville is emphasized with the coming of hot
 weather. Of course the automobile owner is not
 worrying, but everybody cannot afford or does not
 desire a machine. There are others, too, who
 would like to know that they have a park pro-
 vided by the city and in which they have a part
 interest as a taxpayer, where they can go for a
 picnic supper and where the children can romp
 and play at will.

Take a nation given to revolution, anarchy and
 internal disorders, and you will find one that does
 not know how to play. Two saving graces has
 America—a sense of humor keenly developed, and
 the saving grace of outdoor play, mostly baseball
 and golf. The time to make parks and provide
 adequate playground facilities is now. Later with
 the growth of the city and the increase in real
 estate values it will be far less possible to plan
 and carry out a park program.

And in the meantime the Chicago hotel is mak-
 ing green hay while the sun of the national con-
 vention shines.

With the success of the radical wing of the
 German party in power, the Kaiser will stick more
 closely to his remittance writing.

Probably any congress that did not agree with
 him would be useless from the presidential view-
 point.

Lost Money

By FREDERIC J. HASKIN.

Washington, D. C., June 10.—If you subscribe
 to the philosophy that one man's loss is another
 man's gain, to whom, do you suppose, does the
 profit accrue from his hiding place in the parlor
 stove before lighting the fire in the fall? If you
 drop a dollar bill and it blows into the gutter and
 is never recovered, who profits? If you find it in
 the river and drown and who profits? If you take their
 place permanently in Dan Jones' locker, who is
 to the good to the extent of the modest roll in
 your vest pocket?

The answer to one and all of the questions is,
 Uncle Sam. Every piece of paper money that
 goes out from the Treasury and falls to the floor
 profits the government to the extent of its face
 value. If it is a gold or silver certificate the
 metal which was placed in the treasury for its
 redemption is never called forth. If it is a fed-
 eral reserve note or a national bank note, the se-
 curities that have been deposited as a guarantee
 at the time of its issue, or their equivalent, re-
 main in the treasury. So there is some solace to the
 patriot who loses his wallet that if it is not found
 by another its contents are applied to the
 expenses of government.

At the treasury department it is impossible to
 determine from the records just how much money
 has gone out that will never be returned. There are,
 however, certain facts available upon which to
 base an estimate.

During and immediately following the Civil war
 the government issued about \$70 million dollars
 in fraction currency, called at the time shingles,
 or denominations below a dollar. Now, sixty
 years later, there are still \$10 million dollars worth
 of them unaccounted for. It is believed that much
 of this money was buried with men who died in
 battle. The bills were of such small denomina-
 tions that they were carelessly handled. Anyway
 the government profited to the extent of \$15,000,-
 000 from the shingles that were lost.

Between the dates of 1862 and 1887 the gov-
 ernment issued one dollar United States notes to
 the amount of \$188,000,000 and then disconti-
 nued them. It has been 33 years since any of them
 were issued. In 1907 \$10,000 worth of them came
 in for redemption. In 1915 \$8,000 came in.
 In redemption of \$1,800,000 of those dollar bills that
 have not come back, and it does not seem proba-
 ble that they ever will. Nine-tenths of one per
 cent of them were lost. If the experience of these
 dollar bills be taken as typical it may be estimated
 that nearly one per cent of the dollar bills put
 out never come back.

There was an issue of two-dollar bills about
 the same time that went forth during the same
 period. The percentage of them lost is less than
 of the dollar bills because the larger the bill the
 more careful is its possessor with it. Seven-tenths
 of one per cent of the two-dollar bills never came
 back because of this fact the government
 profited to the amount of \$1,350,000.

From figures available it is estimated that bills
 of larger denomination are less frequently lost.
 Probably not more than three-tenths of one per
 cent of them fall to return. Taking it all to-
 gether it is estimated that, aside from the shin-
 gles that were lost, there have been about
 \$800,000 worth of paper money that went out
 from the treasury and never came back. These
 were United States notes, and gold and silver cer-
 tificates.

In addition to this there are the bills put out by
 the national banks. The federal government
 guarantees this money, and to it and not to the
 bank of issue comes the profit from a bill that is
 never presented for redemption. The national
 banks have about a third as much paper money in
 circulation as is issued by the treasury, and it is
 probable that the government has made three or
 four million dollars out of lost national bank
 notes.

Federal reserve currency is so new a thing in
 the monetary life of the nation that none of its
 issues may yet be written off as lost. Federal re-
 serve banks have a stupendous amount of cur-
 rency out, however, and a passing judgment on the
 experience of the past, there are certain amounts
 of it that will never come back. There are some
 three billions of federal reserve paper now in
 existence. If one-half of one per cent of that
 money never returns, which seems a reasonable
 percentage, the government will find itself in
 possession of a profit from lost money of that
 variety aggregating \$15,000,000.

Certain occurrences have added materially to
 the government's profit on money that never
 comes back for redemption. The first is the item
 of the books of the treasury deliberately charging
 off a million dollars as destroyed in the Chicago
 fire. The treasury admits that it profited to that
 extent. It undoubtedly saved itself the necessity
 of redeeming much more than a million. Where-
 ever there is a fire of any considerable size there
 is sure to be a direct profit to the government.
 The second item is the government's profit on
 burned money. The Chicago fire and Baltimore
 fire directly profitable to the government.
 When the Titanic went to the bottom of the At-
 lantic unknown amounts of currency went down
 with it. There was American paper money in the
 strongboxes of the Lusitania when American pa-
 per money in the pockets of most of the people
 on board. The same was true of many ships that
 went to the bottom during the world war. All of
 this that remains unrecovered is profit to the gov-
 ernment.

When the Chicago fire occurred and subsided,
 many people scrambled for their money but found
 the safes in which they had hidden their money had
 been put away. With impatient hands these safes were
 opened to see the condition of the contents. In
 many instances this haste was expensive. Flames
 were not able to penetrate these safes to consume
 the contents. Being airtight there was not enough
 oxygen in them to create a blast. When air was let
 into these safes they burst into flames and the
 contents were consumed. Had they not been
 opened until they were entirely cooled the con-
 tents would have been intact.

By the time the Baltimore and San Francisco
 fires came, such safe owners as banks had ac-
 quired more wisdom. Ample time was given for
 them to cool off. In most cases it was found that
 the paper money was dried and lifeless but still
 intact. Much of it went back into circulation
 with the government with the loss of a few dollars.
 More of it was replaced by the government with
 new money. Even when little but ashes are left
 the government will redeem burnt money if the
 bills are still recognizable. Such bills, carefully
 packed in cotton batting that they may not be
 ground into a powder, are still as good as the
 treasury as though they were in their original form.
 They will be identical when released.

The government does not profit at all when gold
 money is lost because it has an intrinsic value
 that is virtually the same as its face value. The
 profit on lost silver money depends on the cost to
 the government of the silver that goes into the
 dollar. When silver is above \$1.20 an ounce
 there is no profit. When it goes below a dollar
 the profit is considerable. On lost nickels, and
 one cent pieces the profit is large.

The moral of this tale is that if a citizen feels
 called upon to lose a piece of paper money, large
 or small, he should lose it so thoroughly that no
 body else will find it. In so doing he serves a
 public service.

The high cost of living got into the Missouri
 situation and has made it hard for any future
 candidate.

They have no divorces in the Philippines.
 What's wrong? There is no woman suffrage
 either.

The popular indoor sport in Italy seems to be
 the resignation.

JUST FOLKS

By EDGAR A. GUEST.

EXCITABLE MOTHER.
 Mother thinks a fellow ought to never do a
 thing.
 Like climbing trees or playin' ball or stand-
 in' in a swing.
 An' once she loked an' caught me on a
 horizontal bar.
 When I was hangin' by my legs, an' then
 she yelled fer Pa.
 An' made him come and stop me coz she
 said 'at 'd be hurt.
 An' now that's how I ripped the buttons
 off my shirt.
 But Pa he only chuckled an' he said right
 off the bat.
 "It don't seem like forty years since I was
 doin' that."

Mother's awful scary, she's afraid 'at I'll
 She almost fainted yesterday because my
 wagon spilled.
 An' threw me on the sidewalk, an' I barked
 my shins an' knees.
 An' the blood began a-sputtin' like the sap
 from maple trees.
 When Pa came home he showed him every
 place where I was hurt.
 An' told him how I hollered when she
 scrubbed away the dirt.
 But Pa he looked me over an' he saw how
 I was skinnin' him.
 An' he didn't scold or nuthin', but he jus'
 sat there an' grinned.

I'm careful as I can be, but you can't have
 any fun.
 If you never climb or nuthin', an' a feller's
 got to run.
 An' sometimes fight or rattle, an' he can't
 help gettin' hurt.
 An' he forgets how easy buttons rip off of
 a shirt.
 Why, Ma gets all excited when I get a
 bloody nose.
 But Pa was once a boy himself an' he knows
 how it goes.
 An' when Ma makes me show him how I've
 cut an' scarped my shins.
 Pa never scolds or nuthin'—he jus' looks
 at me an' grins.

ON THE SPUR OF THE MOMENT

By ROY K. MOULTON.

Secretary Houston says we spend a billion
 dollars a year for candy, and when it comes
 right down to brass tacks, it isn't so much
 candy at that, when the paper, tinfoil and boxes
 are removed.

At any rate, we believe Elram will manage to
 keep the Chicago convention from sinking into
 the doldrums.

This is once when Mr. Lowden, the sleeping
 car magnate, will be satisfied with the upper
 berth.

MARCEL'S SEANCE.
 We got a message that the outfit board
 from a woman who used to live in Mud Springs,
 New York. She wanted us to look up her wayward
 daughter who was living in New York and try to
 persuade her to go home. There was a Rolfe-Royce
 and chauffeur waiting at the door. The luxuri-
 ous apartment was sumptuously furnished and
 the young lady was gorgeous. We delivered the
 message to her and tears came into her beauti-
 ful eyes when we mentioned her mother.
 Did she decide to give it all up and take her
 mother's advice?
 I ask you, did she? —Marcel Steinbrugg.

So far as a certain distinguished person is con-
 cerned, just look at the former members of the
 cabinet who would vote early and often for the
 opposing candidate. The ex-cabinet member's
 vote alone might throw the election.

A scientist says that for successful brain
 work a temperature of about forty degrees
 Fahrenheit is best. We know it better. It is
 that is exactly the temperature of our private
 office.

"To avoid lynchings and mob violence in these
 times of stress," said Dr. Norton of Tuskegee
 institute, "men should maintain level heads and
 keep their feet on the ground."
 Yes, it is difficult to hang a man if he keeps
 his feet on the ground.

It may be just as well to send a few prize
 fight scribbles out to that Chicago newspaper.
 Apparently the citizens' watchdog of the
 treasury has gone out to lunch.

Who's Who Today

HELEN TAFT.

Preparations are being made for a forward space for
 the wedding next month of Miss Helen Taft
 and Mr. Frederick Johnson Manning, instructor
 in history in Yale university.
 We called on the girl. There was a Rolfe-Royce
 and chauffeur waiting at the door. The luxuri-
 ous apartment was sumptuously furnished and
 the young lady was gorgeous. We delivered the
 message to her and tears came into her beauti-
 ful eyes when we mentioned her mother.
 Did she decide to give it all up and take her
 mother's advice?
 I ask you, did she? —Marcel Steinbrugg.

LOOKING BACKWARD

FORTY YEARS AGO.

June 10, 1880.—Word comes from Burr Rob-
 bins that he is doing an immense business with
 his circus. The word was found in the river
 at that place. He is now in Illinois, working south.
 Pete Myers is said to have decided now for sure
 to go ahead with his building on the old East
 house corner. He had the lot for sale for a
 while.

THIRTY YEARS AGO.
 June 10, 1890.—There was a citizens' meeting
 last night at the city hall to decide what to do
 about a European of July celebration. A large
 number were there and appointed H. F. Bliss
 chairman for the evening. Dr. Henry J. B. B.
 was appointed chairman of a committee of ar-
 rangements, and the rest of the committee
 selected.

TWENTY YEARS AGO.
 June 10, 1900.—Sunday.

TEN YEARS AGO.
 June 10, 1910.—Sheriff Appleby received a
 call from the sheriff of Rockford last night,
 concerning a body which was found in the river
 at that place. The body was badly decom-
 posed and articles on the body carried the initials
 C. F. George Wheeler, physical director
 at the Y. M. C. A. since last August, will leave
 this month. He only took the position tempo-
 rarily.

LOTS O' VIEWIN' WITH ALARM

Says Abe Martin

Chicago, June 10.—Ta' day opened
 here fust cool an' breezy 'nough fer
 here fust hunt a cheap resturin' without
 gittin' sticky an' overheated. A radical
 change in th' convention's plans
 become known about th' hotels
 an' early hour, towit: Instead of th'
 usual complimentary openin' of the con-
 vention by Governor Sprout in-
 stead unless all plans miscarry,
 with Governor Sprout out of th' way
 th' real trouble of th' whole state has
 been wiped clean by th' "Senate
 Cabal" a number o' dark horses are

been warmed up. Senator Miles
 Polinder, of th' northwestern ter-
 ritory, after all th' fun th' newspapers
 have made of him, is likely to be
 nominated as the last man that talked
 "Penrose" an' orator of rare ability.
 It is not believed by those J. Warren
 Johnson-Lowden messes reached th'
 point where nuthin' wuz left fer th'
 convention to do but despair.
 Three got so strong they wuz dan-
 gerous. Even in such out o' th' way
 places as th' Bradley hotel th' wuz
 a strong sentiment agin' Wood.
 The main thing while wuz adver-
 tised as bein' th' logical successor of
 Roosevelt he hadn't done a thing
 fer a remand of th' famous rough
 rider "celebrity" with a few
 "practical" men, while Johnson has
 used th' full Roosevelt system of
 th' sort. They're makin' a deal o' head
 thakin' an' viewin' with alarm of
 both th' platform an' th' possibility
 of Watson or Polinder bein' nomi-
 nated. Johnson's party's atti-
 tude toward th' treaty o' Versailles is
 for from popular with th' rank
 and file. "My notion is th' strength o' th'
 country lies in th' strength o' th' allies
 for an altruistic or idealistic pur-
 pose. If th' historic ole party o'
 Lincoln is goin' to sidestep anythin'
 as vital as th' world's peace as th'
 treaty o' Versailles I might just as
 well have sent my son on a Niagara
 excursion as V. France," said
 Rev. Wiley Tanager, of Indianapolis,
 he grasped his cane tightly an' hur-
 riedly left th' Congress lobby.
 Speaker of th' Congress lobby,
 don't believe I ever saw as many
 stomachs an' watch chains. The
 republicans may be out of power,
 but some of them have certainly been
 in on th' war contracts. Th' an-
 th' real trouble of th' whole state has
 been wiped clean by th' "Senate
 Cabal" a number o' dark horses are

expression on ever republican face.
 Wilson is even bein' criticized fer
 ballin' up th' republican convention.
 I don't know what's goin' on that. But
 there's th' humorous side o' th' con-
 vention, too. "Who's goin' to get
 nominated, Henry?" asked a male acquaint-
 ance of a far out resturin' this morn-
 "Hughes," he replied. "Where'd you
 hear that?" (very
 Pinkerton man just told me.)

ASK US

In Wisconsin

The Gazette maintains an information
 bureau at Washington, D. C., and
 answers questions of its readers on
 any subject. Those desiring an in-
 formation card should send a letter to
 the Gazette, Washington, D. C., and en-
 close a stamp. The letter will be
 answered by the bureau.

Q. Have the Indians in the United
 States a right to vote?
 A. The Indians in the United States
 are citizens by virtue of such birth does not
 include Indians. An Indian cannot be-
 come a citizen, with the right to
 vote, unless he severs tribal relations
 and lives as a white man, acquiring
 the rights and duties of citizenship.
 Q. Has the "Black Death" which
 devastated London in 1350 entirely
 disappeared from the earth?
 A. The so-called "Black Death" was
 an epidemic of the bubonic plague
 which is still prevalent in India, China
 and other parts of the world.

Q. What is the Trossachs?
 A. The Trossachs is a beautiful valley
 in Scotland, which since the immor-
 talization by Sir Walter Scott in the
 "Lady of the Lake" has been a great
 resort for tourists.
 Q. Where did Wall Street get its
 name?
 A. Wall Street, New York city, ex-
 tended from Broadway to the East
 river and follows the line of the early
 city wall across Manhattan Island.

Q. What is the highest city in the
 United States?
 A. Leadville, Colo., is the highest
 above sea level—10,155 feet.
 Q. Will you explain in plain how it
 is that the sun varies the lines of land
 in measuring?
 A. The magnetic declination of the
 compass varies a few minutes
 from north, different amount at dif-
 ferent places. In some places it
 amounts to a degree in 15 years.
 Q. What is the Fact of London?
 A. This is an agreement con-
 cluded in London and signed on
 Sept. 15, 1914, by members of the
 Triple Entente which bound the gov-
 ernments of France, Great Britain
 and Russia not to make peace with
 Germany and Austria except by con-
 sent of all parties to the agreement.

Q. What is the origin and signifi-
 cance of the colored lights in drug
 store windows?
 A. These lights originated in Eng-
 lish apothecary shops. The streets
 were not lighted in the early days
 and the drug store being an impor-
 tant place of the town, the colored
 lights were adopted as a distinguishing mark.

Q. What are the chances of suc-
 cess for a young man going to South
 America?
 A. The prospective emigrant to
 South America, not conversant with
 the language, unless he be a captain
 and able to go to with his own con-
 dition is placed about as a European
 immigrant who arrives in America
 with no knowledge of English. For
 a trained and educated man with
 a knowledge of Spanish or Portuguese
 the opportunities are good.

Q. How many men are there in the
 United States army now?
 A. On May 27 the estimated
 strength of the United States army
 was 217,485. Of this number 16,974
 were officers and 201,511 were en-
 listed men.

Q. How many automobile manu-
 facturers are there in the United
 States?
 A. There are 238 manufacturers of
 passenger vehicles and 550 manufac-
 turers of motor vehicles in the
 United States.

Oshkosh.—More than 5,000 Eagles
 were expected to participate in the
 parade, the big feature of the state
 convention of Eagles held in session
 at Oshkosh, Wis., from June 8 to 10.
 The convention is the largest of its kind
 in the history of the organization.
 Thursday's program of entertain-
 ment climaxed three days of enjoyment.

Stevens Point.—Portage county's
 champion school speller is Be-
 njamin A. Johnson, a student of the
 Stevens Point high school. He was
 who was awarded the championship of
 contestants from several townships
 in a county competition. He will go to
 the state fair to compete against win-
 ners from other Wisconsin counties.

Stevens Point.—Sportsmen of Portage
 county, who are called by the
 conservation commission, went
 on record in favor of the one hun-
 dred pound limit on deer and fawns
 law and the restriction of deer and
 fawns to the season for muskrat and
 beaver. The Portage county board of
 conservation endorsed the proposed plan of
 the commission to kill at the close of
 the season. Reports of sportsmen
 to report on the deer and fawn
 and farmers information that there
 are thousands of prairie chickens in
 the marshlands of the county and
 that they have become so numerous
 in places that they are a pest

 fields.

The Diary of an Engaged Girl

ENGAGED TO A MAN, IN WITH ANOTHER. He came, he saw and he conquered. And, oh, what it means to only the stars understand. Prince Charming simply stood before the portrait of myself and visions and only at the end of an eternity did he say, "How strange that you should realize yourself."

Then we sat down and talked of every-day things and smoked, and sometimes were silent. We do not need to communicate. Prince Charming and I, words are so useless in the face of tremendous soul upheavals—so banal.

Once he asked me to let him see my hand, and when he took it in his hand, he noticed, and offered him a third cup of tea. Prince Charming was most enthusiastic about my studio, and appreciated the personality that he had always painted since he was a small boy, and although his work as an artist took up much of his time, he took to come to my place some day and perpetrate a masterpiece, if I would allow him.

Then we dropped on and for an hour or two, until he suddenly jumped up and told me that he had

to go, but had had the most wonderful two hours of his life—with me. We made no appointment for any next meeting. We said but little, but after he had left the room went dark, and there was a loneliness in the back of my head. I sat down and cried and cried for no reason whatsoever!

Then I had to come to my every-day senses, pour my nose, and pink girl should, don't you know. For in an hour I would be with the man of my choice. Such men have a decided objection to red eyes in the heads of those they love and possess. Hence my quick transformation. The girl room and arrived there promptly, surprisingly so for me. He had not arrived, so I sat me down at a table and told the waiter that I was waiting for someone. Then minutes passed, 15, and still no fiancé. I decided to order something to eat, as being served to eat, as I remembered with horror that I had only a quarter with me—and Jack was still among the missing.

A red spot appeared on both cheeks, as I ate in a miserable solitude. How could Jack possibly treat me like this? How dare he invite me to dinner and then fail to put in an appearance? Never would I speak to him again. I was one more bread free lance, as far as he was concerned. Stay engaged to a man who was rude? Not I. No, indeed. And I raved and fumed, and just as I was about to call up to the house and tell daddy that I was held in pawn for my dinner, no sooner said than done. Imagine my surprise when on calling up I heard Jack's deep voice booming back at me from the great beyond.

Plain Sponge Cake.
- RECIPES FOR A DAY.**
Onion Soup.—Put through food grinder any preferred nut meat, sufficient to fill a cup. Moisten slightly about a half loaf of stale bread, which has been broken in pieces; add to nuts; also add one-half teaspoon powdered mixed herbs, one-half teaspoon salt, a dash of onion powder. Pour the cup finely chopped onion; mix all to a paste with two tablespoons margarine dissolved in one-half cup hot cream. Work well, form into a loaf, lay in a greased baking pan, bake for about an hour, basting occasionally with melted butter. Serve hot with cream sauce or sliced cold with mayonnaise.
Mexican Jelly Salad.—Soak two and one-half tablespoons granulated gelatin in one-half cup cold water, one-third cup vinegar, juice of a lemon, one-third cup sugar, one-half teaspoon salt, and one-half cup milk. Dissolve gelatin in cold water, add to set add one cup canned wax beans, one pimiento cut in strips, and cold, chill. Serve on lettuce leaves with mayonnaise.
Stuffed Prunes.—One pound of large prunes, pecan butter, shredded coconut. Soak prunes over night. Boil until soft enough to remove pits, being careful not to break the fruit. Dry out a little, add to pits, pecan butter or English walnuts if preferred. Roll in shredded coconut. Set to dry. The children enjoy this very much, especially the ones who carry their lunch to school.
Sauce.—Two cups to mutton, one-half cup finely cut onion, one-half cup carrot, two teaspoons salt, one-half cup cut green peppers, two tablespoons butter substitute, two tablespoons flour. Put the onion, carrot, pepper and butter into a fry pan and fry until tender. Add the tomato and salt; cook for five minutes, mash through a strainer, return to fry pan and add the flour, which has been mixed with cold water, and boil for five minutes. Serve with or on loaf.
CAKES FOR CAMPERS.
Devil's Food Cake.—One and one-half cups granulated sugar, one-half cup butter, three eggs, the white of one saved out for the frosting, teaspoon vanilla, one rounded of sour milk. Add two squares baker's chocolate (melted), and two cups flour.
Ribbon Cake.—Use one-quarter pound of butter, one-half pound sugar, three eggs, one-half pound cream of tartar and carbonate of soda and one-half small teaspoon milk. Beat butter and sugar to cream, then beat in the eggs one by one, add the flour, cream of tartar and carbonate of soda through a sieve. Add the milk to the mixture and lightly stir in the flour. Divide the mixture into three portions.
Grease three round sandwich tins, and bake in each. Put one portion of the cake in as it is baked, the second portion, bright pink and flavor with essence of lemon.
Dissolve two teaspoons of cocoa in one tablespoon of water. Stir into the third portion and flavor with vanilla.
Bake in moderate oven. When cool, put plain milk underneath the bread and place on top, with layer of icing between each and the rest on top.
Icing: Mix Confectioner's sugar and cold milk together to a stiff paste and spread with knife.
Cheese Fruit Cake.—Boil together for fifteen minutes one cup of brown sugar, one cup of water, one each of cinnamon, cloves and ginger. Let cool; add one pint cream, one-half teaspoon baking powder, one teaspoon soda in one-half cup warm water. Add soda last. Citron and nuts may be added if wished.
Bake in slow oven for one hour. This cake will keep for many months.
TASTY DESSERTS.
Lemon Cake Pie.—To an unbaked pie crust add one cup sugar, (lemons), lemons, four, two eggs, (lemons), butter size walnut, juice of one lemon. Mix the above ingredients together well. Add one cup of water, milk, then fold in the whites of two eggs beaten to a stiff froth. Bake in a moderate oven until firm.
Hot O. L. Cake.—One cup sugar, one cup flour, one-half cup hot water, one teaspoon baking powder, one pinch salt. Beat eggs and sugar well, add hot water, flour and baking powder and salt. Bake in a very slow oven 40 minutes. No butter and no milk.
Icing: Two cups brown sugar, boiled in a little water to soft ball

HEALTH TALKS

Dr. Brady will answer all signed letters pertaining to health. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Address Dr. Wm. Brady, Gazette.

UNEARNED ALIMENT
You will find that middle age degenerations, and commonly called arteriosclerosis, heart disease, apoplexy, Bright's disease, now rival, if they do not exceed in popularity the long time Marshall of the Men of Death—tuberculosis—as a mode of shutting off this mortal coil.

If we were anywhere nearly so fearful of exposure to luxury as we are of exposure to the weather a majority of us would earn something better than a grade of C in efficiency, good looks and morals.

QUESTIONS AND ANSWERS.
Maybe It Is Hereditary.
Inquiry sent ten days ago—concerning this boy—mentally weak—forgot to include stamped addressed envelope. Please find same enclosed, for reply. (M. M.)
ANSWER.—This time you forgot the stamp. Also I forgot just about ten days ago what your previous communication was about, so you must repeat the whole thing. I keep no files or memory of letters from readers.

Sulphur and Molasses.
Would it be advisable, in your judgement, to take sulphur and molasses as a spring tonic to clear the blood? (S. K.)
ANSWER.—Sulphur and molasses is a staple of a physician. I dunno which. In ye olden times, before we had water works put in, people waited till they were "hooked" sulphur and molasses. They tried to camouflage this practice by insisting that it "cleared the blood," but in reality all it cleared was the intestine.

Pile for the Liver.
Some time ago I read that dandelion greens, boiled, are good for a bad liver. If this is true kindly tell me the amount to be taken at each dose.
ANSWER.—They're as good for the liver as for any other part of the body, and no worse. Take a good three-lined forkful, or a couple of forkfuls, at each meal, but be sure they are very thoroughly boiled. Dandelion greens, like other leafy vegetables, are full of energy, contrary to the laxative, and contain a bitter principle (inartaxum) which whets the appetite. Their effort on the liver, good or bad, is imaginary.

Sheboygan.—Miss Jeannette Manville, daughter of Mr. and Mrs. Fred Manville, and a senior of the Sheboygan high school, who was in the class of 1920, was one of the high ten selected in the state-wide essay contest conducted by the Wisconsin civil service commission.

Heart and Home Problems

Letters May be Addressed to Mrs. Thompson, in Care of the Gazette.

Dear Mrs. Thompson: Will lemon juice injure the skin? If so, how should it be used? **BLUE EYES.**
Lemon juice is good to whiten the skin. Apply it after washing in the morning—one-third lemon juice to two-thirds water. At night use cold cream so that your skin will not become dry.

Dear Mrs. Thompson: I am a young woman of 24. I was married five years ago. We have a little boy, Henry, of three years. My husband is very quiet. He works in an office. When he gets home he eats supper and if Henry goes near him he will say, "Don't touch daddy." Then he fixes a few books and goes to bed.

He doesn't say a word to me about any of his work. It is getting worse all the time. He doesn't go anywhere except to the office. I have a beautiful home and I get all the money I want, but I have no enjoyment whatever.

Please advise me what will draw my husband's attention to me. **LONELY.**
Your husband seems to have a silent nature which is difficult to understand. You must try to draw him out and encourage him to talk about his work to you. Ask him if it has been a busy day, if the business is growing and if they are employing more men, or if the switchboard has affected business so that they are laying off men. He will appreciate your interest if you ask intelligent questions which show that you understand what he is doing. If you and your husband do not read together, you ought to. He may say, however, that he is too tired, in which case you will have to read alone. If he reads and does not want to read out aloud, read him

books during the day so that you will be able to talk them over with him.

Of course it is unfortunate that he does not take more interest in his home and family, but you can be thankful that he is silent and does not disturb the peace with unkind remarks and quarrelling.

Instead of drawing his interest to you, concentrate yours on him and see if he does not respond. Compliment him when he deserves it and let him see that you admire him as you did before you were married.

Dear Mrs. Thompson: I am 38 but am small for my age. I have a girl friend who is 14 and she is the same height and size. I live with my father and stepmother and they are not very nice to me. I earn my own living and buy my clothes. Also I am not very well. I hate to stay at home, for when I am sick my stepmother is unpleasant and complains about my eating there. I feel so unwelcome that I would like to leave home.

I pay my step-mother board and I don't think it is fair for her to treat me as she does. I do my own laundry. My mother has been dead 15 years.

My friend and her mother are going to Chicago and want me to go. We would all live together and work. I have no pleasure at home, would you advise me to go or stay? I almost hate home because I am treated so mean. I am sick but have to keep working rather than be mistreated. I am a good girl and not saucy. My father and step-mother. I have been working for two years and am not tired yet.

MOTHERLESS GIRL.
Ask your father's advice about leaving home. If he admires your

girl friend and her mother he will probably be glad to have you go where you will be happier. It will take strength of character to fight your own way, but you can do it and remain a good girl. Never forget that unhappiness is the inevitable result of wrong doing. Keep your self-respect and you will get along all right.

Club Women Invited to Hold Convention in China
Shanghai.—The American Woman's club of Shanghai will present a request to the General Federation of Women's clubs in America urging that body to hold its 1922 convention in Shanghai. This request is to be presented at the federation convention at Des Moines, Ia., in June, by Mrs. Charles B. Lobergier, wife of the judge of the United States court for China, who is a former president of the Shanghai American Woman's club and who will represent it at the Des Moines meeting.

First Panama Sugar Reaches New Orleans
New Orleans.—The first shipment of sugar from the republic of Panama to any other point in the world recently was received here. Jose B. Calvo, consul at New Orleans for Panama, said this was the first time Panama ever had a sufficient amount of sugar even for domestic use.

La Crosse.—Policemen of La Crosse rejoiced when the common council granted them a 5-hour instead of a 12-hour day, but were "peeved" when the chief deprived them of their day off each week and made it once in 16 days. As a result of three officers

TENDLER SMASHES RICHIE MITCHELL

Terrific Defeat Administered
Idol of Milwaukee by Phil-
adelphia Lightweight.

Milwaukee, June 10.—Taking a terrible whipping under a whiplike, Tandler went down to defeat in the first round of the fight before the crowd of Philadelphia. The greatest lightweight that Milwaukee ever produced met his doom before a crowd of 10,000 in the first round of the fight. Tandler had the advantage all the way through the 10 rounds.

Each boxer scored a knockdown in the first round and Tandler in the ninth. Tandler also went down in the tenth, but again was able to get up. The fight was a slipshod affair. Tandler had the advantage all the way through the 10 rounds. Each boxer scored a knockdown in the first round and Tandler in the ninth. Tandler also went down in the tenth, but again was able to get up. The fight was a slipshod affair.

DOUBLE HEADER FOR TANK CORPS SUNDAY

Two games are on the books for the tank corps Sunday. The "treat" for the boys will be to go to the La Prairie and play the team of that place and then turn round and take on the team of Rock Prairie. This will require some stiff practice and the guardsmen are prepared. They will spend Saturday afternoon at Fourth Ward Park getting ready.

The tour will meet at 1 o'clock Sunday and be taken to the nearby town in carry-alls. Play will start at 1:30. Lineups: Tank Corps—Ryder, c. H. Hupel, p. Harmon, ss. Ponas, lb. G. Hupel, 2b. Raush, 3b. R. Williams, cf. Stendel, of. Schuler, rf. Sheridan and Munson on the bench. Rock Prairie—Rahdeke, c. Culver, p. H. McCann, ss. E. Lowry, lb. E. Scott, 2b. J. McCann, 3b. J. Scott, cf. E. Henry, lf. S. Lowry, rf. Rock Prairie—Cohn, c. M. Lowry, p. Chester, lb. Henry, 2b. Gower, ss. Rooney, lf. Finch, cf. Rahdeke, cf.

GIANTS WIN IN NINTH FROM TEENIE WEENIES

The Spring Brook Giants beat the Teenie Weenies yesterday by a score of 13 to 15. The game was hard fought and the Teenie Weenies were ahead until the first of the ninth, when the Giants came out with some good hits which made them eighteen. The giants held the Teenie Weenies down in the ninth and they only got one run. The lineup:

Giants	Teenie Weenies
J. Schmidtley	L. McGill
Jaeger	Wallish
Phelan	E. Crane
Nelson	1b. Peshal
H. Harvey	2b. H. Miller
W. Miller	Deteney
H. Jaeger	Gullen
Leureh	L. Denning

EAGLES' PARADE AT OSHKOSH IS "SHOT"

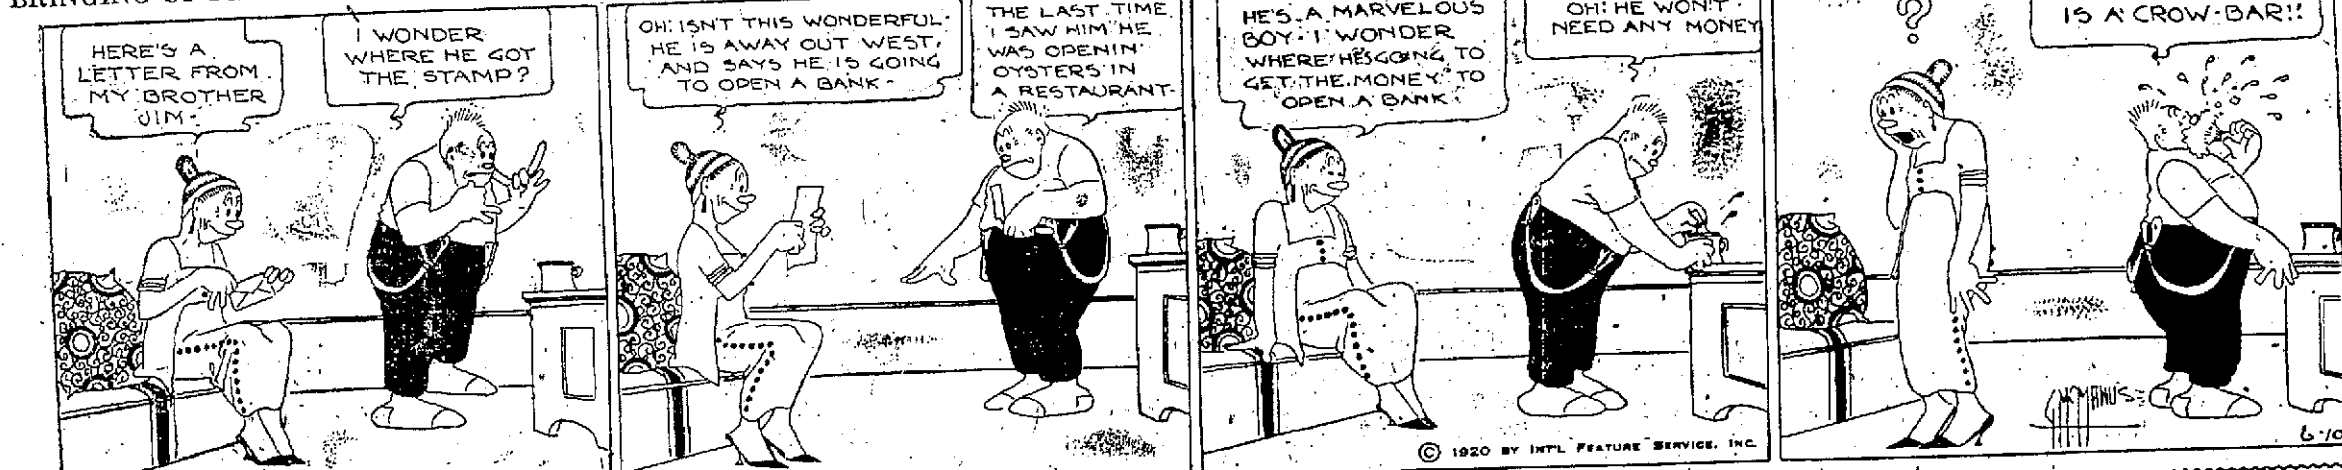

Motor pictures of the state convention parade of the Eagles at Oshkosh, were to be taken today. The procession was predicted to be the largest held in the central part of the state in years. Marching clubs of more than 20 clubs were to be in line. At least 50 members of the Janesville aero are attending the meeting, and were to march today. George Esser, this city, was among the few officials favored with a platform seat at the opening session of the convention.

BRINGING UP FATHER

As You Were

By BUCK.
Of the Stars and Stripes A. E. F.

ESCAPE
(Midshipman's Practice Cruise, June 5-Sept. 20, 1920.)

I'm going down to the sea with sail-
ors.
Out on the old strong sea with
men;
Sick I am of fake holy-grailers.
Hunting Truth to hurt her again.
I'm dead tired of folks in cities,
Rushing around to keep from
work.
Salving their souls with long-distance
pities,
Mourning at wickedness, Russ or
Turk.

Looked close-up at Greed's green
molars
Long enough, too long, I guess;
Sore I'll look in the teeth of rollers
White and clean and pitiless.
I've cut loose from the drill civilian.
Now I'm going to hear the top.
Call the turns of the old cetillion.
"Squads right, hup-snap outa yer
hop!"

I'm going out on the sea with sail-
ors.
Out on the sea in a man-size ship;
Good night now to the money-trail-
ers,
Scourging themselves with a bitter
whip.

Here's a heath to the well-inten-
tioned.
Let them choke on their well-
meant lies!
Where I'm going they are not men-
tioned.
Out where the spindrift acids and
files.

How am I going to make the rifle?
How do I get the change of scene?
Buddy, it's time to can the rifle—
I've shipped on as a buck Marine!

Contributed by Rex H. Lampman,
Pvt. U. S. M. C. Reserves.

NEITHER UP NOR DOWN.
There was considerable complaint
from a merchant who cut his cere-
grains proportionately. He couldn't
figure why folks wouldn't rush to
grab the suit he had tagged them
\$67.50. Finally a shrewd old cus-
tomer came in and after he had spent
half an hour picking out three dollars
and a necktie, the proprietor
called him over and asked him why
it was his marked down stock
wouldn't move.

"Well," said his friend, "you see it's
like this, Charley, when you had
them suits marked at \$50.00, fol-
lowed 'em because they was so ex-
pensive they knew they didn't know
how to judge such high priced mat-
terial. But any gol-darn fool that's got
eyes in his head can tell that that
suit marked \$67.50 ain't worth a cent
over \$25.00."

So Long I've watched each mounting
Price.
My brain has almost turned to ice
And now I'm hotter than a fire.
Thermometers have gone up, too!

MILTON COLLEGE IS DEFEATED BY BELOIT

Milton, June 10.—In the final reg-
ular game of the season Milton Col-
lege lost to Beloit Tuesday by a
score of 3 to 5. Randolph started in
the box for Milton, but lack of con-
trol proved his undoing. With the
score 7 to 2 against the home team
at the end of the fourth, Lanphere
took up the pitching burden and held
Beloit to two hits in the last five in-
nings. For Beloit Wootton pitched a
steady game for two innings.
A base on balls and two hits, one
a double, scored two for Beloit in
the first. Milton tied it up in the
next inning which Randolph started
by getting hit. Kakuska's bouncer
to the second baseman forced Ran-
dolph at second, but Herb imme-
diately stole the bag.
Hemphill followed with a double to
right field scoring Kakuska and
scored himself when Sullivan beat
out a hit to the shortstop.
Two scratch doubles and two er-
rors gave Beloit three runs in the
third. In the next inning three solid
smashes combined with another er-
ror yielded two more. The run off
Lanphere came in the fifth on a hit
and two errors by the outfield. Mil-
ton staged a rally in the sixth netting
three runs, but failed to put another
across due to Hemphill's failure to
touch third.

Junior Pirates Join Baseball Community

Junior Pirates, newest team of the
city will start its career Sunday when
it crosses bats with the Eagles. The
lineup will probably be: Blair, c.
Zionah, p. McGill, s. Shingle, lb.
Boyle, 2b. Nettzel 3b. O. Bugs pf.
Blum lf. Grunzel, rf. H. Buggs,
utility; W. Zahn, mgr. Zionah,
captain; Zahn and McGill, extra
pitchers; P. Buggs, Jr., mascot.

"MPs" to Police Benton Harbor Ring

Benton Harbor, June 10.—Promo-
ter Floyd Fitzsimmons has made ar-
rangements to have the military po-
lice of Camp Custer in charge of his
lice of Camp Custer here July 6, when Ben-
ny Leonard and Charley White meet
in their lightweight championship
match.

Fight Decisions

London—Ted "Kid" Lewis, defeat-
ed Johnny Basham, British water-
weight champion in nine rounds.

SHAMROCK, ON TRIAL SPIN, SHOWS HER FLEETNESS

The "Shamrock IV" "skipping along" on her trial spin.

SHAMROCK TUNES UP; RESOLUTE WINS AGAIN

City Island, June 10.—Sir Thomas
Lipton's Shamrock IV, challenger for
the America's cup in the international
yacht races off Sandy Hook next
month was given a tuning up spin
under "heavy weather" canvas on
Long Island Sound on Wednesday.
Weather conditions were not ideal
for such a test however, as there
was only a light breeze and the wa-
ters of the sound were as placid as a
mill pond.

Newport, R. I., June 10.—The
sloop Resolute, with the aid of its
time allowance of 1 minute and 42
seconds again defeated the Vanti in
the fourth elimination race of the

GARDNER HAS CHANCE FOR BRITISH TITLE

Muirfield, Scotland, June 9.—
Robert A. Gardner of the Hinsdale
Gold Club, Chicago, twice national
champion in the United States, is
the only survivor of the American
golfers who entered the contest for
the British amateur golf champio-
nship here. In the fourth round to-
day Gardner defeated Jack Macin-
tyre of Cardross 4 up and 2.

BAR WIFE'S LETTERS IN DEMPSEY TRIAL

San Francisco, June 10.—Early
close of the prosecution's case in the
trial of William Harrison (Jack
Dempsey), heavyweight champion of
the world, on a charge of evading the
selective draft act, was indicated
when Judge Maurice T. N. Dooling
in the United States District court
on Wednesday that confiden-
tial communications between Demp-
sey and his former wife, Maxine
Dempsey, were inadmissible as evi-
dence. The prosecution announced
that Mrs. Dempsey would be the last
witness for the government.

Yes, Alfred, in order to have the
last word with your wife you will
have to whisper it.

ENTRIES CLOSE

No Applications for Grade School Field Events Received After Tonight.

All entries for the grade school track meet to be held at the fair grounds starting at 9:30 Saturday morning, close tonight. No more will be received after that time. Indications as they line up now are that the event will be a huge success. With approximately 50 applications, the meet looks good for a starter. Below, with 10 years' experience along this line, reports only 150 entries in the grade school meet. Final preparations are being made today and will be cleaned up tomorrow to speed the field and keep things moving every minute.

ST. JOHNS CADETS IN BIG FIELD DAY

Deafield, June 10.—Everything is in readiness here for today, when the biggest event of the season, "Field Day," will take place at St. John's Military Academy. All interest centers about the big ball game, carded at 3 p. m., when the McCoy Boosters team of the Milwaukee Amateur association meet the strong Cadet team. Following is the complete program:
9 a. m.—Finals, thirty-sixth annual Kemper-De Koven games.
3 p. m.—Baseball game, McCoy Boosters vs. Cadets.
5 p. m.—Kemper-De Koven eight oared race.
7:30 p. m.—Battalion parade.
9 p. m.—Military hop.

CHI IN HARD LUCK; BOTH TEAMS BEATEN

AMERICAN LEAGUE
Triple by Hopper and single by Schang and the White Sox lost to the Red Sox 3 to 2, although the Chicago bunch out-hit Boston.
Continuing its hard hitting, the Yankees crushed Detroit 11-3 in the second of the series. Bode and Meusel made homers, Meusel's being the longest ever seen in Detroit.
Shocker was hit freely and the Senators won from St. Louis 4 to 0. St. Louis could do nothing against Zachary.

NATIONAL LEAGUE
Down went the Cubs again before Philadelphia, this time 2 to 1. Smith shaded Tyler in a pitcher's battle.
Rallying in the tenth the Braves won from Pittsburgh 7 to 6. Twice Sullivan, a pinch hitter, tied the score by sending Maraville in.
The series between the Dodgers and the Cards was evened when Brooklyn won 3 to 2, permitting an easy fly with two out, permitting Miller to score from second with the winning run in the seventh.
Walloping Ring hard, the Giants won from Cincinnati 6 to 4. Kautz and Young made home runs and Kautz and Kelly made triples.

AMERICAN ASSOCIATION
The Brewers evaded the series with Indianapolis by winning 8 to 4. Milwaukee scored early in the game. The Indians could find only scattered hits.
Notre Dame, Ind., June 10.—Cyril Casper of St. Cloud Minn., has been elected captain of the Notre Dame track squad. He is a junior in the school of commerce.

JUNE FESTIVAL NEXT SUNDAY AT FOOTVILLE CHURCH

Footville, June 10.—The church of Christ at Footville, one of Rock county's largest rural churches, of which Gerald L. K. Smith is the pastor, will hold its annual festival all day Sunday. Beginning with a prayer service at 8 a. m. and closing in the evening at 9 p. m. Church folks and friends are expected to attend from every neighboring town and for miles around.

Some of the features of the day will be basket dinner at noon, address by Captain Purdy, a veteran of the Spanish American War, Mexican border trouble, and the World war; instrumental recital by G. D. Bergman of Janesville, who was for eight years an instructor in the school for the blind; special numbers arranged by the church school and the choir. Mr. Smith will preside at all the services and deliver a morning address.

The Footville church is striving to make itself an ideal community center, not only on Sunday, but seven days of the week. Its organizations embrace all ages and wholeheartedly embrace the church. The church building is a modern structure with many conveniences, but at a recent meeting the official board voted to make several hundred dollars worth of improvements. The Loyal Sons' class, an organization of about 40 young men, voted last Friday night to cool the church this summer by electricity. Their slogan is "Make the church the most comfortable place in the community."

The religious day school opened Wednesday of this week with three experienced teachers on its faculty. Miss Ada Spencer will give a course in the rudiments of music and hymn singing.

The Footville church contradicts the theory that people do not go to church any more. Seldom the minister preaches to less than a filled house. His sermon on the subject: "How Can We Boost the Church?" Monday morning was given to an overflow house.

About 20 persons motored to Afton Sunday afternoon, where the Rev. Mr. Smith preached in the hall to a full sized audience. Thursday evening of this week he will go to Hanover to deliver an address.

Harry Langdon and wife, Rockford, Mr. and Mrs. Lewis Langdon, and the Misses Cora and Maude Langdon, Chicago, were here to attend the funeral of their father, John Langdon.

Miss Misses Kathryn Stevens and Ruth Stephens are home for the summer.

There will be a June festival, or home-coming, next Sunday at the Christian church. There will be an all day service, a basket dinner, special music and special speakers.

The C. W. B. M. will meet this week at the Beloit home of Mr. and Mrs. Will Silverthorn. The members are planning to go by auto. Pledge dinner will be served.

Mrs. George Wells enjoyed a visit with her brother, Mr. Gill, who came from Oregon, Sunday.

Waukesha.—The labor situation is becoming less acute. The association of retary getting of the Association of Commerce. A local manufacturer informs him that the first time in months men have applied at his plant for work. Getting said men are coming regularly in his office with the request that they be given a position. Several have volunteered to work on the farm.

BODY OF ASSASSINATED MEXICAN PRESIDENT LYING IN STATE

The body of President Carranza lying in state. At the left of the casket are Generals Montes F. de P. Mariel and Juan Barragan, who were with him at the time of his death.

The picture above marks the end of the final chapter in the romantic life history of General Carranza, president of Mexico at the time he was murdered by one of his own generals during the revolt now on in his country.

Carranza was fleeing from Mexico City, the capital, with a mere handful of his faithful generals and aides at the time of his death. He was shot while sleeping in a tent by one of the men Carranza trusted during the uprising against him in which many of his generals and soldiers deserted him. The body of the president was taken to the Villa Juarez, Puebla, Mexico, for the funeral. It lay in state for days before internment and thousands of Mexicans—most of them people—filed past the casket.

of his generals and soldiers deserted him. The body of the president was taken to the Villa Juarez, Puebla, Mexico, for the funeral. It lay in state for days before internment and thousands of Mexicans—most of them people—filed past the casket.

CENTER

[By Gazette Correspondent.]
Center, June 9.—Miss Ivey Dolyph, Tama Center, a former teacher in the Brown district, was a week-end visitor with Mr. and Mrs. George Yeomans and mother, Mrs. Isaacomb.

Mr. and Mrs. E. H. Brown spent Sunday at the latter's old home in Cookeville.

Mr. and Mrs. James Ades, Janesville, were callers at the S. L. Crail home Sunday afternoon.

Miss Virginia Johnson of district No. 2 and Miss Helen Bester of the Brown school held a joint school picnic at the former school yard last Friday.

Mr. and Mrs. Fremont Brown, Sheboygan county, who have been paying a visit to the former's sister and husband, Mr. and Mrs. Lloyd Dohs, the past week, left for Milwaukee Friday, where they will visit other relatives before returning to their home.

Miss Madeline Pepper, Milton, was a week-end visitor with her home folks.

Mr. and Mrs. W. H. Ades, Sr., Janesville, were Center visitors Sunday. Their daughter, Miss Sarah, accompanied them.

Miss Hane Sands, Madison, a former teacher in district No. 2, was a week-end guest of her friend, Mrs. Will Dixon.

Mr. and Mrs. Will Brooks spent Sunday night with Mr. and Mrs. Dixon. They were enroute to Chicago.

Ray Fuller, Art Schroeder and Owen Snyder fished at Gibbs lake Saturday, bringing home a string of pickers.

Clara Miller was graduated from the Evansville high school the past week. The class play was given Friday. She took a prominent part in it.

B. C. Smiley, Beloit, was a business caller here Thursday, tuning pianos in some of the homes.

Mr. and Mrs. J. S. Roherty spent

Sunday in Edgerton. They went to see the latter's sister, Mrs. George Nickols, who is in a serious condition of health, with little hope for recovery.

Appleton.—Increase in telephone rates in every community in the Appleton district will be sought by the Wisconsin Telephone company before the end of the summer. Application for authority to increase charges in Little Chute near here is the first of a series of such applications to be filed with the railroad commission.

Representatives of the company have interviewed subscribers to learn their feelings toward proposed increases and over they have encountered little opposition. The rates will be approximately 25 percent higher under the new schedule. Rates in the Appleton district have not been changed since 1912.

Manitowish.—By an act of the city council Monday night the last horse drawn piece of fire apparatus will be discarded and the department will be completely motorized.

Manitowish.—By an act of the city council Monday night the last horse drawn piece of fire apparatus will be discarded and the department will be completely motorized.

PROHIBITION BEING AGITATED IN POLAND

Warsaw.—Prohibition is being agitated in Poland. It was again discussed in the Diet recently after the idea had laid dormant for several months. America was referred to repeatedly by the advocates of temperance as a splendid example of a nation determined to do away with strong drink.

A public health committee of the Diet reported prohibition for Poland was impracticable at this time owing to the virtual impossibility of prohibiting the manufacture of alcoholic liquors. The committee, however, favored passage of regulations taxing liquor to men of the Polish army so long as Poland was at war with Soviet Russia.

The chief contended for prohibition were three of the five women members of the Diet—Miss Sophia Moczydlowska, National Popular Union; Mrs. Sophie Morczewska, socialist; and Helen Balicki, national democrat. Speaking of the part taken by the women of America in bringing about prohibition there, Mrs. Morczewska referred several times to the "great work of our sisters of the west."

Baptist Pastors Off On Apostolic Journey

London.—The Rev. C. A. Brooks of the United States Synod, assisted by the Rev. J. H. Rushbrooke, have left for what has been described as an apostolic journey to the British churches scattered throughout central Europe on behalf of the Baptist World Alliance. They will visit Germany, the Baltic States, Poland, Czechoslovakia, Rumania, and Hungary. In Transylvania the condition of the Presbyterians and Unitarians was, he said, worse under Rumania than under Hungary, and he hoped to be able to help them as well as the Baptists.

PORTER

[By Gazette Correspondent.]
Porter, June 10.—Miss Mary Fox closed her fourth successful year's work in the Eagle district last Wednesday. A pleasing program and picnic supper were enjoyed. All the visitors and pupils were treated to ice cream and bananas by the teacher. The pupils presented Miss Fox with a silver cold meat fork. Her services have been obtained for the coming year.

The Hadley family entertained company from Elkhorn the first of last week.

Ed. Fox was a Chicago visitor recently.

The high school pupils are home again. Claire Barnett and Francis Boss are among those who were perfect in attendance the whole school year.

Charles Bates is the first in this community to start setting tobacco this week.

Mrs. Dave Wheeler entertained the Help-a-Bit club Thursday. Refreshments were served and a busy afternoon was spent piecing a quilt.

The next meeting will be held with Mrs. J. Wheeler, Wednesday, June 9.

Mrs. Peterson and daughter, Mrs. Gunness and Mrs. Hammerlund, Janesville, were guests of relatives Thursday.

Mr. and Mrs. C. Nalan spent Tuesday in Stoughton.

Mr. and Mrs. Clayton Cox spent Sunday with Whitewater friends.

Frank Boss and family were guests of Janesville relatives Sunday.

NORTH LEYDEN

[By Gazette Correspondent.]
North Leyden, June 10.—Mr. and Mrs. D. Conway and son, Vivian, spent Monday evening at B. Hefferman's.

Miss Frances Condon closed another successful year of school at Willowdale Wednesday with a program and picnic.

Mr. and Mrs. Charles Whitmore and family and Mr. and Mrs. Will Hubbell spent Sunday at the J. Hubbell home.

Mrs. Byron Fessenden and daughter spent Friday afternoon with Mrs. L. Viney.

Miss Esther Farrington spent a few days with Miss Nellie Connors, Edgerton.

A number from here attended the funeral of Mrs. C. Kettle, held from St. Mary's church, Janesville, Thursday.

Miss Genevieve Farrington is home from school, spending her summer vacation.

Mr. and Mrs. Will Albright spent Sunday in Center.

Miss Goldie Condon spent the past week with her aunt, Mrs. J. Mooney.

UTTER'S CORNERS

[By Gazette Correspondent.]
Utter's Corners, June 10.—Mr. and Mrs. G. H. Rogers, Janesville, were Sunday afternoon visitors of G. H. Roe and family.

Miss R. Malone, Johnstown, closed a successful year as teacher in the Springbrook district with a picnic Friday afternoon.

The Sunday school is planning a Children's day program, to be given at 11 o'clock June 20.

Mr. Saunderson and Miss Houghton, La Grange, accompanied Mr. Stury to church, Sunday morning. The two men, with their violins, and Miss Houghton, at the organ, gave some splendid music. Mr. Stury, who is a student at Moody Biblical school, Chicago, will occupy the pulpit here during the summer. Special music will be given every Sunday.

G. H. Hull and family are entertaining relatives from Minnesota.

Miss Beulah Hadley is home for the summer vacation.

There is one redeeming feature about the built-in bed; even the most timid female doesn't have to look under it before retiring.

FAIRFIELD

[By Gazette Correspondent.]
Fairfield, June 10.—Mrs. Roy Tarrant entertained the L. I. S. at her home Thursday.

Mrs. Nettie Robinson and Mrs. Nora Wilkins, Janesville, were recent visitors in this vicinity.

Mrs. Bert Dykman, Janesville, attended the L. I. S. at Mrs. Roy Tarrant's Thursday.

Mr. and Mrs. J. L. Chamberlin and son visited a couple of days the past week in Watertown and Juneau.

The L. I. S. meets Thursday with Mrs. Bert Dykman, Galena street, Janesville.

Mr. and Mrs. Clifford Swan and son, Rockford, spent a couple of days at A. L. Thompson's.

Miss Brown closed the village school Friday with a picnic at Carver's rock.

Mrs. Clara Chamberlin and son, Harry, spent a couple of days the past week at Floyd Chamberlin's.

Miss Priscilla Stewart, Delavan, visited the past week with Mrs. Roy Tarrant.

Robert Clowes and Andrew Brottland were business callers in Clinton Thursday.

How Many Miles From a Cord Tire?

Men are everywhere telling remarkable tales about mileage from Miller Cords.

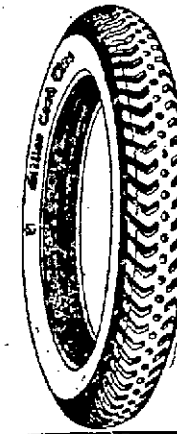

But remember that mileage varies with conditions. Size and load, road and care affect it.

One man who has sold and watched many thousand Miller Tires says this:

"I find that Miller's excel other tires in service from 50 per cent to 75 per cent."

The Hudson Taxi Co. of Detroit reports a 15,000-mile average on rather heavy taxis.

Tread Patented
Cord tread smooth with section cup, for firm hold on wet asphalt. Geared-to-the-road side tread mesh like cog in dirt.

WOOD IN LEAD BUT IS LACKING VOTES TO WIN

LAST STAGE OF CONTEST AT CHICAGO MARKED BY UNCERTAINTY. NEEDS 3 STATES

Big Assault Being Made on Eastern States With Large Vote.

(By DAVID LAWRENCE)
(Copyright 1920 by the Jamesville Gazette.)

Chicago June 10.—Nothing as usual—not even the perfunctory meetings of the committee that drafts a platform. This republican national convention spent one day trying to agree on something which the senate has spent a year debating—the treaty of peace—and the prospect is that at least another day will be spent doing the same thing. This gives more time for the negotiators between leaders and more time for deals and transactions on second and third choices. Briefly the situation as to candidates has changed in this respect.

Wood Near the Goal.

General Leonard Wood is dangerously near the goal and his crafty manager Frank Hitchcock, realizing that the key to the whole puzzle is in New York, Massachusetts and Pennsylvania, is making inroads in the delegations from those states. The counter move of the Lowden forces and indeed the old guard who don't want Wood nominated is to hold Pennsylvania and New York and Massachusetts solid for the first few ballots at least. Accordingly the New York delegation held a meeting and talked a lot about solidarity and sticking together and exerting the most influence by tactics of unity instead of division.

No vote was taken and many New York delegates would have liked to see Senator Wadsworth who was in the chair committee but he main-

tained a discreet silence. There are several Wood delegates in the New York contingent and several in the Pennsylvania unit but the New York folks have practically agreed to vote for Nicholas Murray Butler for a few ballots which really means that the anti-Wood people are dominant for the time being.

After Coolidge Votes

Over in the Massachusetts delegation the Wood forces are pounding away at the Coolidge votes. If they can break down the unity of the New York, Pennsylvania or Massachusetts delegations, he will win out. Already his boring tactics are growing a bit uncomfortable to his opponents.

It is in the Pennsylvania delegation that the cleverest plays are being made. Senator Penrose is against Leonard Wood. He is also against Governor Lowden—not because he personally dislikes either candidate but simply because he believes neither would win next November. Yet the Wood managers claim great strength in the Pennsylvania delegation.

Might Be for Wood.

The fact is that a considerable proportion would be for Wood if once released from the pledge given Governor Sprout. So the way to hold the seventy-six Pennsylvania delegates together as a unit—at least the way to keep them from bolting to Wood—is to dangle the prospect of a dark horse before the eyes of both Sprout and his delegates.

And Senator Penrose goes so far as to issue a statement openly favoring the aspirations of Governor Sprout. That move is another counter stroke against General Hitchcock. The old guard is evidently determined to hold New York, Pennsylvania, Massachusetts together until Wood and Lowden are both eliminated and then trot out somebody on whom agreement can be reached.

Johnson's Forces Lined Up. In the meantime Hiram Johnson has executed an effective maneuver on his own behalf. He felt his delegates in certain states slipping away from him. It was openly avowed by folks from Michigan Nebraska and Oregon that although their states voted for Johnson the delegates wouldn't stay hitched very long. Mr. Johnson now has exacted a pledge from the Michigan delegates who are instructed for him to continually cast their ballots for him until he personally releases them. Johnson by the

way is his own campaign manager. He takes advice freely but does as he pleases about acting on it. His game is to hold his meagre forces together while the Wood and Lowden machinings crush each other, hoping against hope that he will be the beneficiary in the end.

Where Johnson Would Come In.

Also the California Senator figures that if the convention supports him

A few lines and it's Channey Depew, the man who says of Nicholas Murray Butler, "New York has no second choice."

vice-president would be a more acceptable ticket, especially if Johnson would accept the vice presidency. The desire to get Johnson would transcend every other consideration. The mere fact that Johnson would agree to run with Knox would give tremendous impetus to the latter's chances. And it must not be forgotten that Senator Boies Penrose would rather have Knox than any other man. The writer knows that Senator Knox and Senator Johnson have been in communication on the subject and that they are still as close friends as ever.

Certainly if Mr. Johnson is convinced that he can't be nominated, he would probably feel that his viewpoint of another senator like Mr. Knox whose views on the treaty and league were in accord with his own. Big business would rather have Knox former attorney general and former secretary of state than Hiram Johnson and if the California senator gave his assent to the choice of Knox, he would be assured the support of the republican organization for the presidency four years hence.

These are some of the moves, proposals, suggestions and attacks that constitute the strategy of the convention on the platform committee wrangles over perplexing planks and issues.

British Fear Sailors Will Transfer to U. S. Vessels

Liverpool—Fear that better conditions in the American mercantile marine service may lure British seamen away from British to American vessels was expressed at the annual meeting of the Mercantile Marine Service association. W. C. Bird, board of trade, said a poster was being put up in all the ports of the United States offering every conceivable temptation to the British sailor to leave the British service and to join the American.

Constantinople Cannot Buy Alabama Coal

(By Associated Press.)

Mobile, Ala.—Constantinople is offering \$100 for Alabama coal. The British capital is willing to pay that much for fuel delivered from the city if the treaty and league are repudiated. Johnson would be the logical nominee though in that event, the wise old leaders are calculating that Knox for president and Johnson for

SPRING WHEAT CROP FORECAST IS AHEAD OF THAT OF LAST YEAR

(By Associated Press.)

Washington, June 10.—A spring wheat crop of 277,000,000 bushels or 28,000,000 bushels greater than that of last year and 18,000,000 bushels greater than the average of the last five years is forecast by the department of agriculture, from the condition of the crop on June 1. Prospects for winter wheat improved during May to the extent of 19,000,000 bushels making a total estimated production of 781,000,000 bushels or 100,000,000 less than that of last year.

Various Crops Forecast.

Production of various crop forecast in the monthly report from their June 1 condition follows: Winter wheat, 504,000,000 bushels; spring wheat, 277,000,000 bushels; oats, 1,315,000,000 bushels; barley,

185,000,000 bushels; rye, 80,000,000 bushels; hay 112,000,000 tons; apples, 199,000,000 bushels; peaches, 45,000,000 bushels.

Planted Area Smaller

The spring wheat area this year is 19,487,000 acres or 83.5 percent of last year's; condition 89.1 percent of a normal compared with 91.2 a year ago.

Condition of winter wheat is 75.2 percent of normal compared with 94.9 a year ago and 79.1 a month ago.

Condition of other crops: oats 87.3 percent of normal; barley 87.6, rye 84.4, hay 85.9, pastures 88.8, apples 79.3, peaches 84.8.

The area planted to oats this year

is 41,032,000 acres or 96.8 percent of last year's. The area planted to barley is 7,437,000 acres or 100.2 percent of last year's.

Forecast by States.

Winter wheat forecast of production of important producing states follows: Pennsylvania, 26,220,000 bushels; Ohio, 28,417,000; Indiana, 21,002,000; Illinois 27,762,000; Missouri,

23,585,000; Nebraska, 50,000,000; Kansas, 109,000,000.

Spring wheat acreage and production forecast: Minnesota, 3,358,000 acres, 51,529,000 bushels; North Dakota, 6,916,000 and 13,720,000; South Dakota, 2,958,000 and 36,238,000.

Oats acreage and production forecast: Ohio, 1,517,000 and 52,247,000; Indiana, 1,862,000 and 50,999,000; Illinois, 3,355,000 and 137,798,000; Michigan, 1,466,000 and 48,434,000; Wisconsin, 2,409,000 and 92,976,000; Minnesota, 3,250,000 and 112,238,000; Iowa, 5,500,000 and 202,400,000; North Dakota, 2,472,000 and 59,528,000; South Dakota, 1,850,000 and 57,868,000; Nebraska, 2,132,000 and 66,454,000; Kansas, 1,779,000 and 52,249,000; Texas, 1,575,000 and 36,712,000.

Washington—Secretary Houston, writing to bankers, said completed operations for the treasury for the fiscal year ending with this month, "should show little if any deficit."

A Japanese sea grass mixed with cotton

is said to form a thread much stronger than one of all cotton.

Poles to Abolish Mark as Standard of Currency

(By Associated Press.)

Warsaw.—Poland is to abolish the mark as the standard of currency which has been in use since the German occupation of Warsaw in 1915. The basis of Poland's new financial system is to be the zloty, normally about equal in value to the French franc. The zloty was the monetary unit more than 100 years ago, prior to Poland's partition by Russia, Prussia and Austria.

London.—A House of Commons spokesman, speaking in the house in behalf of the government in the case of common sense, said he did not think it would be wise to undertake a revision of the United States to undertake an Armenian mandate would compel Great Britain to do so.

Washington.—A census announcement, showed Los Angeles to have passed San Francisco in size and likely to become the country's ninth largest city.

Finland has placed large orders in Germany for machinery to manufacture superphosphate and sulphuric acid.
